ILP – What's New?

Career Cruising Parent Portal

Welcome to the Career Cruising Parent Portal

Parents, guardians, or other authorized individuals can explore Career Cruising and see the career development and education planning work that their child has accomplished.

If you have more than one child using Career Cruising, you can link multiple student accounts to your login.

NEW IMPROVEMENTS FOR THE ILP

Roll-Over & Gifted Students Upload (GSSP)

The weekly data updates take place every Tuesday night, so every Wednesday you will see the roster getting more complete and accurate. This process may take until the end of the August to fully capture all students from Infinite Campus. It usually takes about 10 days for enrollments in Infinite Campus to be ported over to the ILP school's database.

Also, we will be uploading the GSSP data on a weekly basis to make it easier for G/T Coordinators to work and update the GSSP component of the ILP.

Automatic Assessments Upload

K-PREP will now be uploaded automatically to the ILP as part of the state assessments section, in addition to the EPAS which are already being uploaded periodically.

Parent Portal

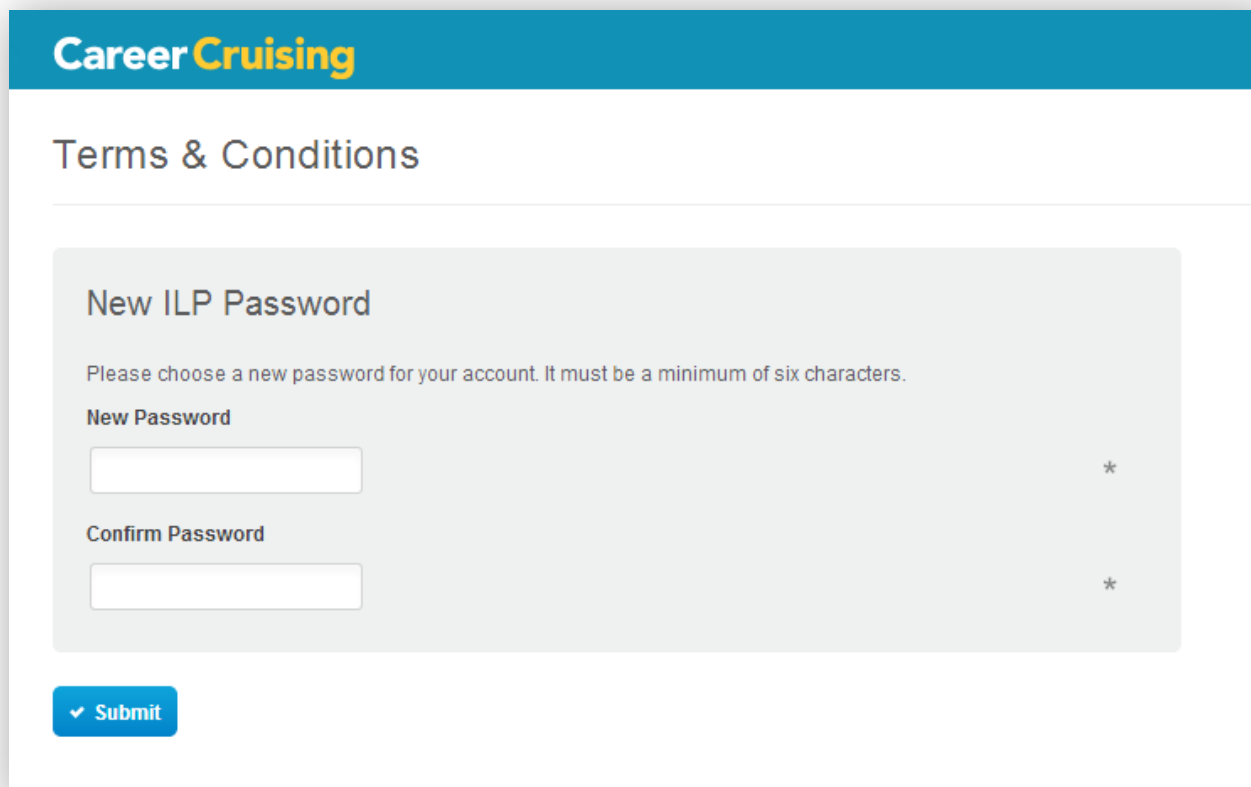

The Parent Portal is a new component which enables parents to create their account autonomously and consolidate all of their children's ILP in a single account. As educators, you will have access to the parent's email address and be able to email them from the ILP Admin Account, which will better the communication between schools and parents. Tutorial on the ILP Parent Portal is available on the KY Tutorial Portal at:

New Password Structure for Students

This school year, upon students' first login, they will be forced to change their password and choose a new one. Educators will still be able to print access cards and share the passwords with their students, even if students choose their own passwords.

Students that log-in for the first time will see this screen where they will have to choose a new password:

The screenshot shows a web interface for Career Cruising. At the top is a blue header with the 'Career Cruising' logo. Below the header is a white section titled 'Terms & Conditions'. Inside this section is a light gray box titled 'New ILP Password'. Below the title is a message: 'Please choose a new password for your account. It must be a minimum of six characters.' There are two input fields: 'New Password' and 'Confirm Password', each followed by an asterisk. At the bottom left of the gray box is a blue button with a checkmark and the text 'Submit'.

The password requirements are:

- Minimum 6 characters
- Cannot be the same as the username
- Cannot be the same as the old password

Note: Please encourage your students to update the email field in their ILP accounts so they can use the “Forget your username and/or password?” link to email instructions to their email address in case they forgot their account’s credentials.
